CHOOSE REAL TREES

Real Christmas trees are better for the planet—they're recyclable, renewable, and free of PVC and lead. Over 40 million are planted each year, producing oxygen and absorbing carbon dioxide as they grow.

FREE COFFEE MUG

For the 30th year, customers who spend \$30 or more will receive a free coffee mug! This year's retro design features Santa delivering gifts under the tree, with a little dog racing to see his presents.

CHRISTMAS GIVEAWAYS

'Tis the season for giving! We have two giveaways this year. **Annual Drawing:** Enter at any of our tree lots for a chance to win a Ninja Creami, perfect for making ice cream with the family. **Social Media Giveaway:** Head to our social media, @visitourtowne, to enter to win a Christmas Tree Package that includes a tree, wreath, and garland.

2025 CHRISTMAS TREE REPORT...

This year's growing season was excellent, and the trees are beautiful! The tree shortage is officially over, so there will be plenty of trees available and no price increases. In fact, Douglas fir prices have dropped thanks to our grower offering a discount.

ATTENTION!!! NEW AT TREE TOWNE

Our five Tree Towne locations are back in the same spots as last year! Every lot now features a festive photo booth, our fun new "Name Your Own Tree" interactive experience and the popular Letters to Santa station. Each location also includes a play area with our classic red pickup trucks and more. Enjoy the giant Christmas tree bounce house at Wellington, Boynton, West Palm, and Jensen Beach, and a newly expanded play area in Jupiter!

TREE TOWNE FAMILY UPDATE

The Lucas family is thrilled to share that a granddaughter will be joining the family around the time you read this! We're excited to finally add a girl to the mix—maybe she'll help calm those wild grandsons. We'll see how that goes!

KEEP IN MIND...

This is a short season between Thanksgiving and Christmas—just one day longer than last year—so shop early for the best selection!
